ABOUT OASIS TRADERS

Oasis Traders prides itself as one of the most trusted names in the Welding & Safety Equipments industry.

Established in 1994 as a professional company providing products in the area of welding & safety to facilitate in faster production with good equipments and safeguarding individuals whilst doing so with the aim to maintain the variety, quality and professionalism of provided services in close connection with customers' requirements.

From a welding equipment supplier we have moved to providing complete solutions in safety, welding accessories and custom based requirements in Lifting, Precision tools & Hydraulic fittings in the industrial sector.

Our after sales team ensures the customers are satisfied with our products and service by communicating with them periodically to make sure our products are functioning efficiently thus providing the customers with all round satisfaction.

As the key element of our success we consider our ability to deliver our clients complex solutions in the area of Industrial construction: starting with recognising the right materials required, delivery at the site, guarantee and post-guarantee service all in line with quality requirements required by our customers and the applicable law

The team at Oasis Traders is composed of some of the brightest minds; they have in depth experience in their specialized field which enables us serve our customers better every time.
