STAINLESS STEEL  
(SINCE-1974)

Product Catalogue

*Dear Customers...*

, a synonym for Quality and Service, takes great pleasure in acclaiming itself as one of the leading manufacturer in the field of stainless steel kitchenware, hotelware and tableware for the past four decades. We have gifted the market with a wide variety of ultra modern stainless steel articles.

Our strength can be attributed to the latest technology and sophisticated machinery possessed by us. Our products run through a strict Quality control process. They have a high durability value as well as highly skilled craftsmanship in them.

The inch-by-inch growth registered by us has been the result of excellent co-ordination that is running between the whole management. Our market strength lies in the uniqueness of the products which have been given to the market and the ability to provide them in both Quality and Quantity.

We hope to provide even better products as well as services to keep up the excellent running that has come through the years.

With Best Regards,  
J.R. JAIN
