# GUIDELINES TO MAINTAIN PARRYWARE PRODUCTS

---

**To get the best results and the longevity of the product. Follow the below mentioned guidelines:**

- To get the best results and the longevity of the product, we suggest to use Parryware Safe essentials – cleaning chemicals : Parryware Sanclean for sanitaryware, Parryware Floorclean for floor, Parryware Glow for Taps & fittings.
- Keep your product (specially chrome plated) free from any deposits & clean it With water-soaked soft towel or bathing soap solution once in a day or two to keep the plated surface clean.
- Use only non-acidic cleaning/detergent agents which contain no acids or chemicals such as flush cleaner. Avoid the use of salt or vinegar-based cleaning agents to remove scale or scale-related stains. They may damage the surface or finish of your Parryware products.
- Always test your cleaning agents on an inconspicuous area on the product before applying it to the entire surface.
- Clean the aerators from time to time for a perfect foam flow of water from the fittings.

**Protect your product from:**

- **Water Scaling:** Due to presence of minerals and salt in water, scaling is formed on the product if it is not cleaned regularly. The products should be cleaned gently at regular intervals. Also take extra care to clean the edges and corners of the products because these areas are more vulnerable for scale settling.
- The property of water being used is very important for your plumbing installations (pipes etc.), as well as for your own hygiene.
- **Acid Fumes:** When we clean the tiles or floors in the bathroom With cleaning agents which contain acids or chemicals, acid fumes are formed. Because the basic material used in the products is brass, brass being an alloy of copper reacts With these acid fumes. With the reaction, a green colors layer is formed on the products resulting in damage to the outer finish or coating.
- **Scratching while cleaning:** Scratching or scrubbing occurs due to hard nature of cloth or coarse cleaning powder being used for cleaning. Use a gentle fluffy soft cloth for cleaning the surface.
- **Atmospheric conditions:** This condition applies mostly to salt content in the air in coastal area, sometime the air reacts With brass and black spots emerge on the surface of product. Therefore the product is required to be cleaned regularly. At the time of installation of the products, cover the products With the cloth covers provided in packaging or With polythene till the time you actually start using them.

## WARRANTY TERMS AND CONDITIONS

17. The above warranties are inclusive of all other warranties and no other warranty, whether written or oral, expressed or implied is applicable to the sale or the use of the said product. Parryware Bathroom Products Private Limited specifically disclaims any implied warranties or merchantability and fitness for the purpose other than the intended purpose With regard to the said products.
18. The company or its Authorized customer care agents / Authorized dealer agents certified by the company will repair or replace With new or functionally operative parts free of charge, any part or parts of the product when it is identified that the defect is solely attributable to manufacturing fault or workmanship and not caused due to improper installation or usage. Spares shall be charged according to the conditions of the warranty coverage listed.
19. This warranty will continue to be in force for the terms specified above irrespective of what replacements may be provided under it and such replacements shall not attract any fresh period of warranty beyond the period specified above.
20. It is entirely left to the Company's discretion to effect repairs/replacements of parts or components of the sealed system at the site of installation or at the service stations of its branches or Authorized Customer Care Centre or at its works.
21. This warranty shall be governed by laws of India and the courts in New Delhi, India and Nepal shall have exclusive jurisdiction to entertain any dispute regarding or arising out of this warranty or the sale of the product. This warranty is valid only in India and Nepal.

**Warranty Shall Not Be Applicable To Following:**

1. Any defect or damage occurring or being notified after the expiry of Warranty Period.
2. The problems arising from insufficient water pressure, water impurities or improper care and cleaning and voltage fluctuations.
3. Any problem raised in the absence of in line water filters. It is recommended to use water filters With faucets to avoid any damage to ceramic cartridges/internal parts.
4. Use of cleaners containing abrasive cleansers, ammonia, bleach, hair dye, acids, waxes, alcohol, solvents, bath oil, bath salts or other products not recommended for Colors/ Cooling and due to improper cleaning or cleaning With coarse cloth also for fading of any material due to sun or chemical exposure.
