Life Is BeYOUTiful

Life becomes beautiful when you embrace the real you. Our goal is to give you confidence and a positive view of your own inner beauty so that you can see natural beauty in yourself and in the world around you and live a beautiful life.

Inspired to make affordable, high-performance products for skin care, body care, and hair care accessible to everyone, Dr.Rashel was founded by Pravin Bera (Co-founder) and Devji Hathiyan (Co-founder) a decade ago.

Our commitment and passion have led us to become one of the market leaders in the beauty wellness industry.

We have embraced the diversity of our country and have consciously developed personal care products suitable for different Indian skin types and weather conditions. Aligning ourselves with the Make in India movement, we established our state-of-the-art manufacturing units in India. From procuring quality raw materials to making the final product, we have complete quality control over our products. Today, we can proudly say that our products are at par with international standards and are helping our customers feel BeYOUTiful every day.
