Prime grey

The image displays a complex, organic pattern of light beige, tan, and grey tones, resembling a natural stone or fossilized material. The texture is highly irregular, with various sized and shaped patches and veins. A dark, semi-transparent rectangular box is positioned in the upper right area, containing the text 'Cosmos white', 'Fossil granite', and 'Marble' stacked vertically in a white, sans-serif font.

Autumn rustic

A close-up photograph of a Panda white Granite surface. The granite features a light beige or off-white base color with prominent, dark grey to black, wavy, and linear veins running vertically and diagonally across the surface. The texture appears slightly granular and polished. A dark, semi-transparent rectangular label with rounded corners is positioned on the right side of the image, containing the text "Panda white Granite" in white. The label has a small notch on its left side.

Silver galaxy

A large, rectangular slab of Panda white Granite is shown, resting on a wooden surface. The granite has a light beige or off-white base color with prominent, dark grey to black, wavy, and somewhat vertical veins running through it. The texture appears slightly grainy and natural. A dark grey rectangular label with white text is positioned on the right side of the slab.

**TINOS GREEN
MARBLE**

A large, rectangular slab of light-colored, textured stone, likely limestone, is shown. The stone has a mottled appearance with various shades of light gray and off-white, and some darker, irregular veins or patterns. The texture appears slightly rough or weathered. In the upper right corner, there is a dark rectangular label with white text. The stone is resting on a wooden surface, visible at the top and right edges.

Slates and quartzite

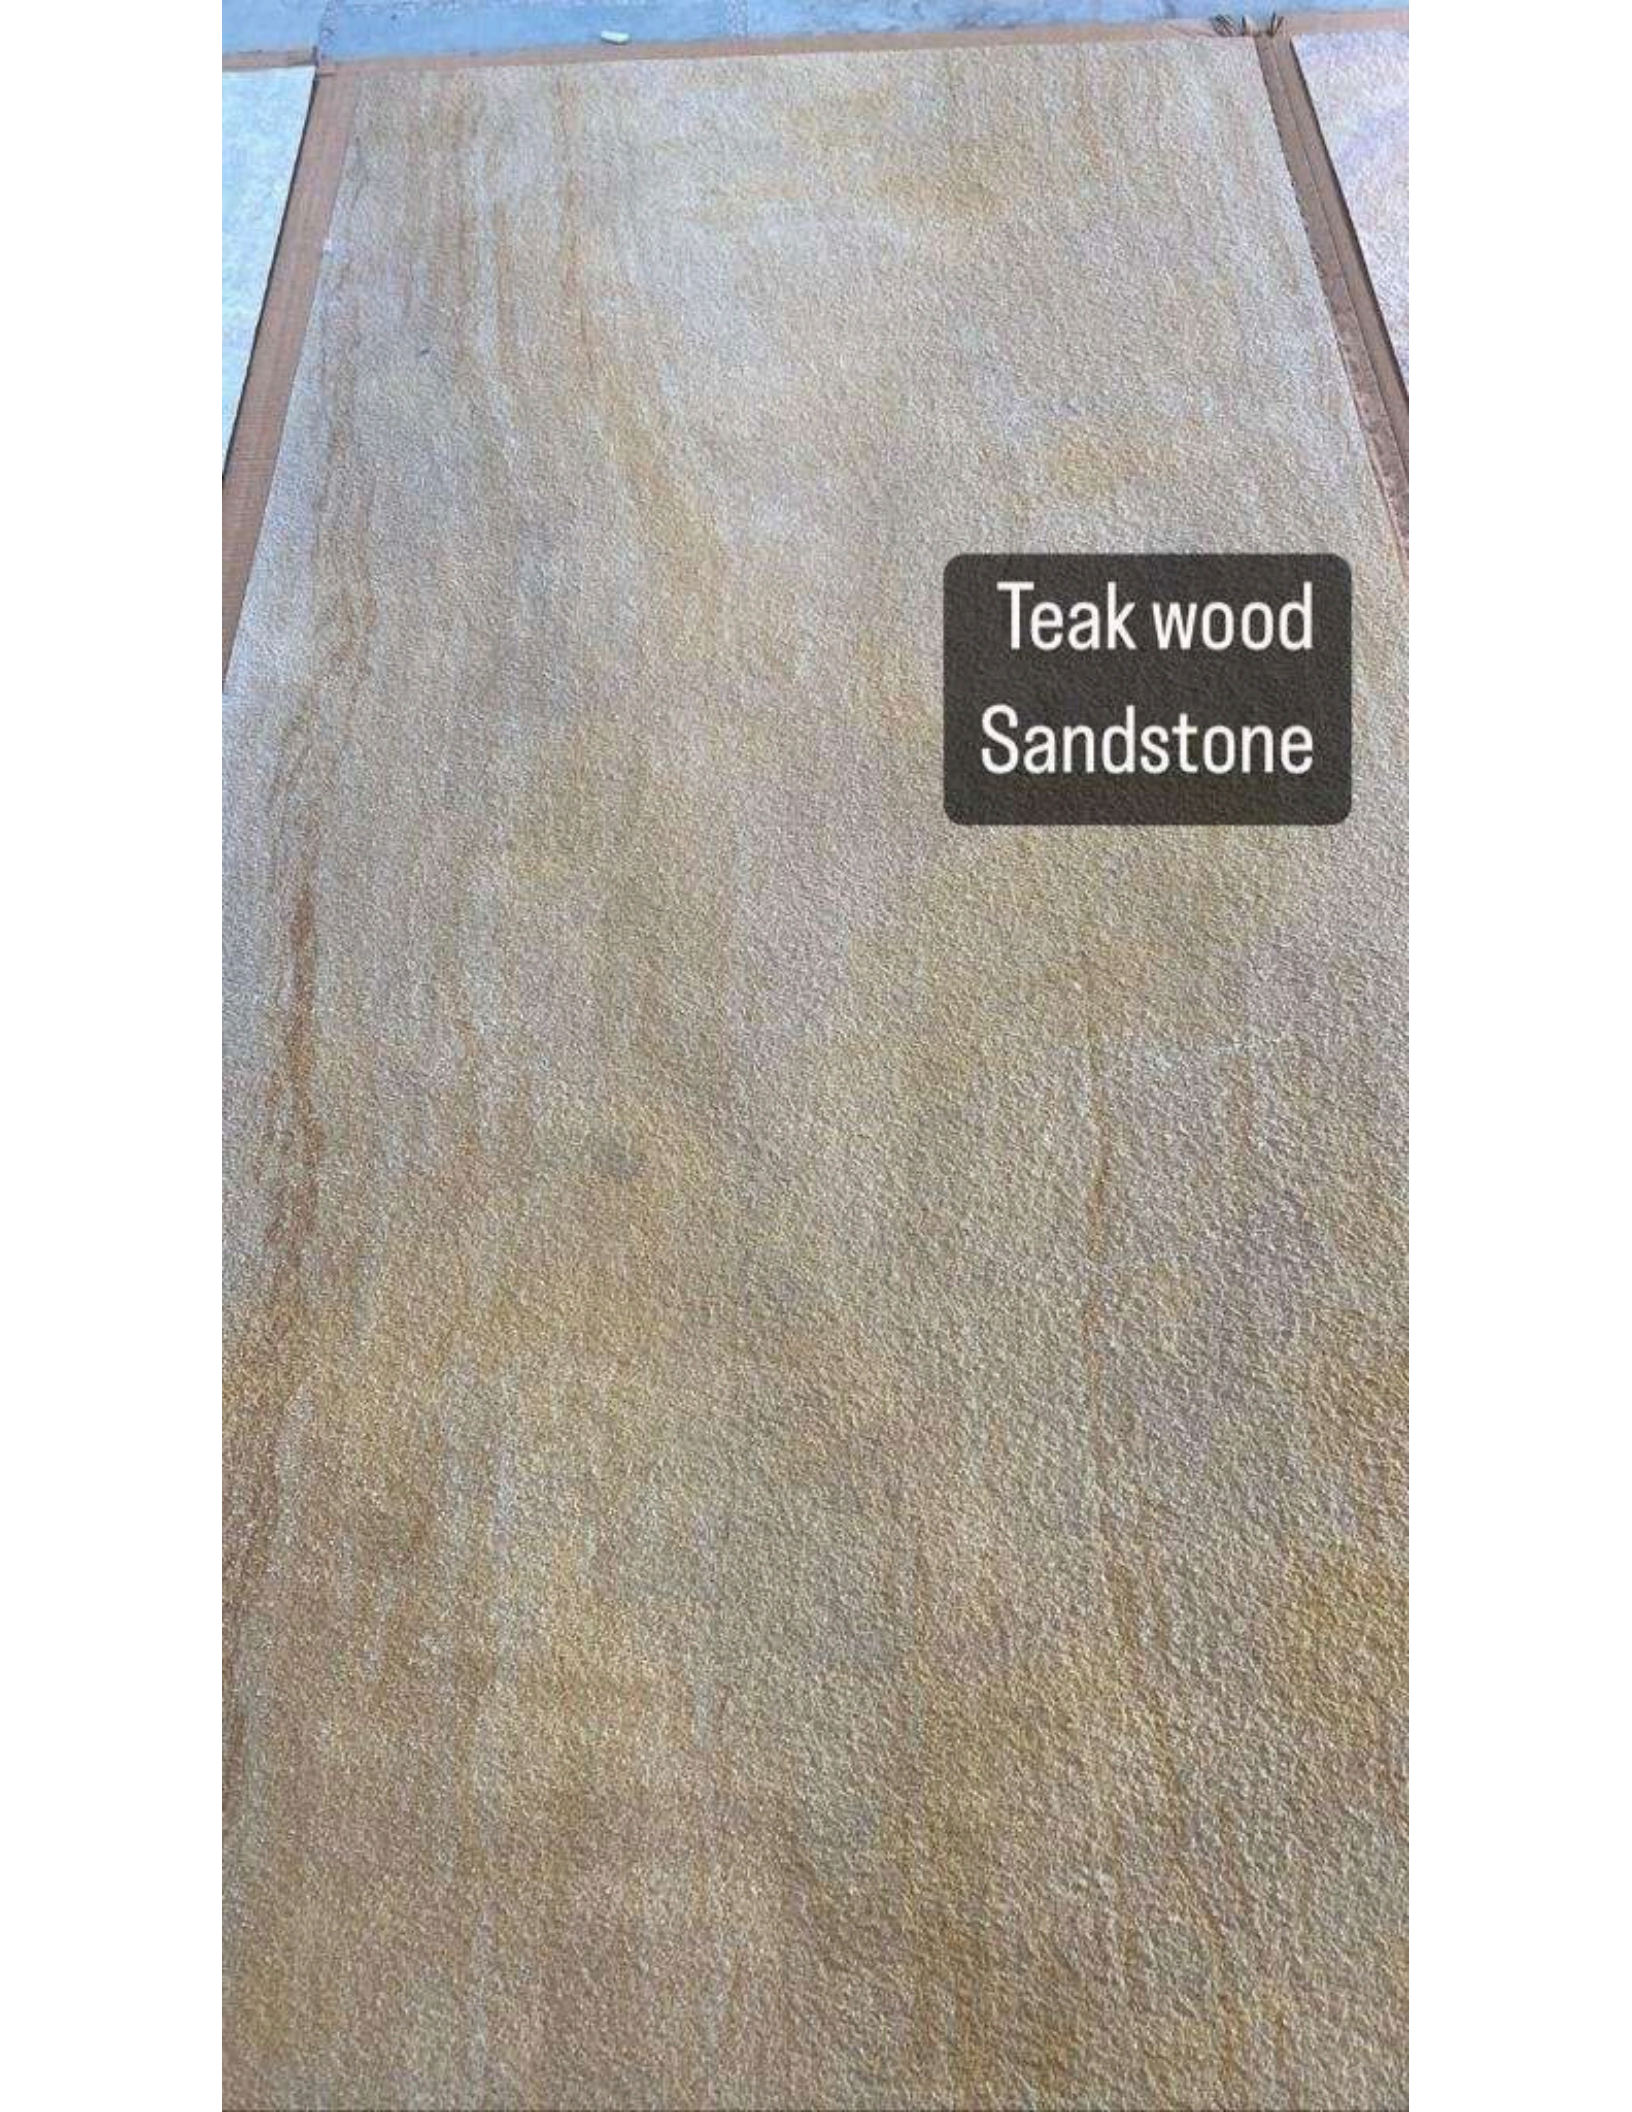

The image shows a close-up of a sandstone surface with a complex, multi-colored pattern. The colors range from light beige and cream to various shades of brown, tan, and muted purple. The texture is grainy and uneven, with some areas appearing more saturated than others. A dark, semi-transparent label is positioned in the upper right quadrant, containing the text 'Rainbow Sandstone' in white. The label has a small notch on its left side.

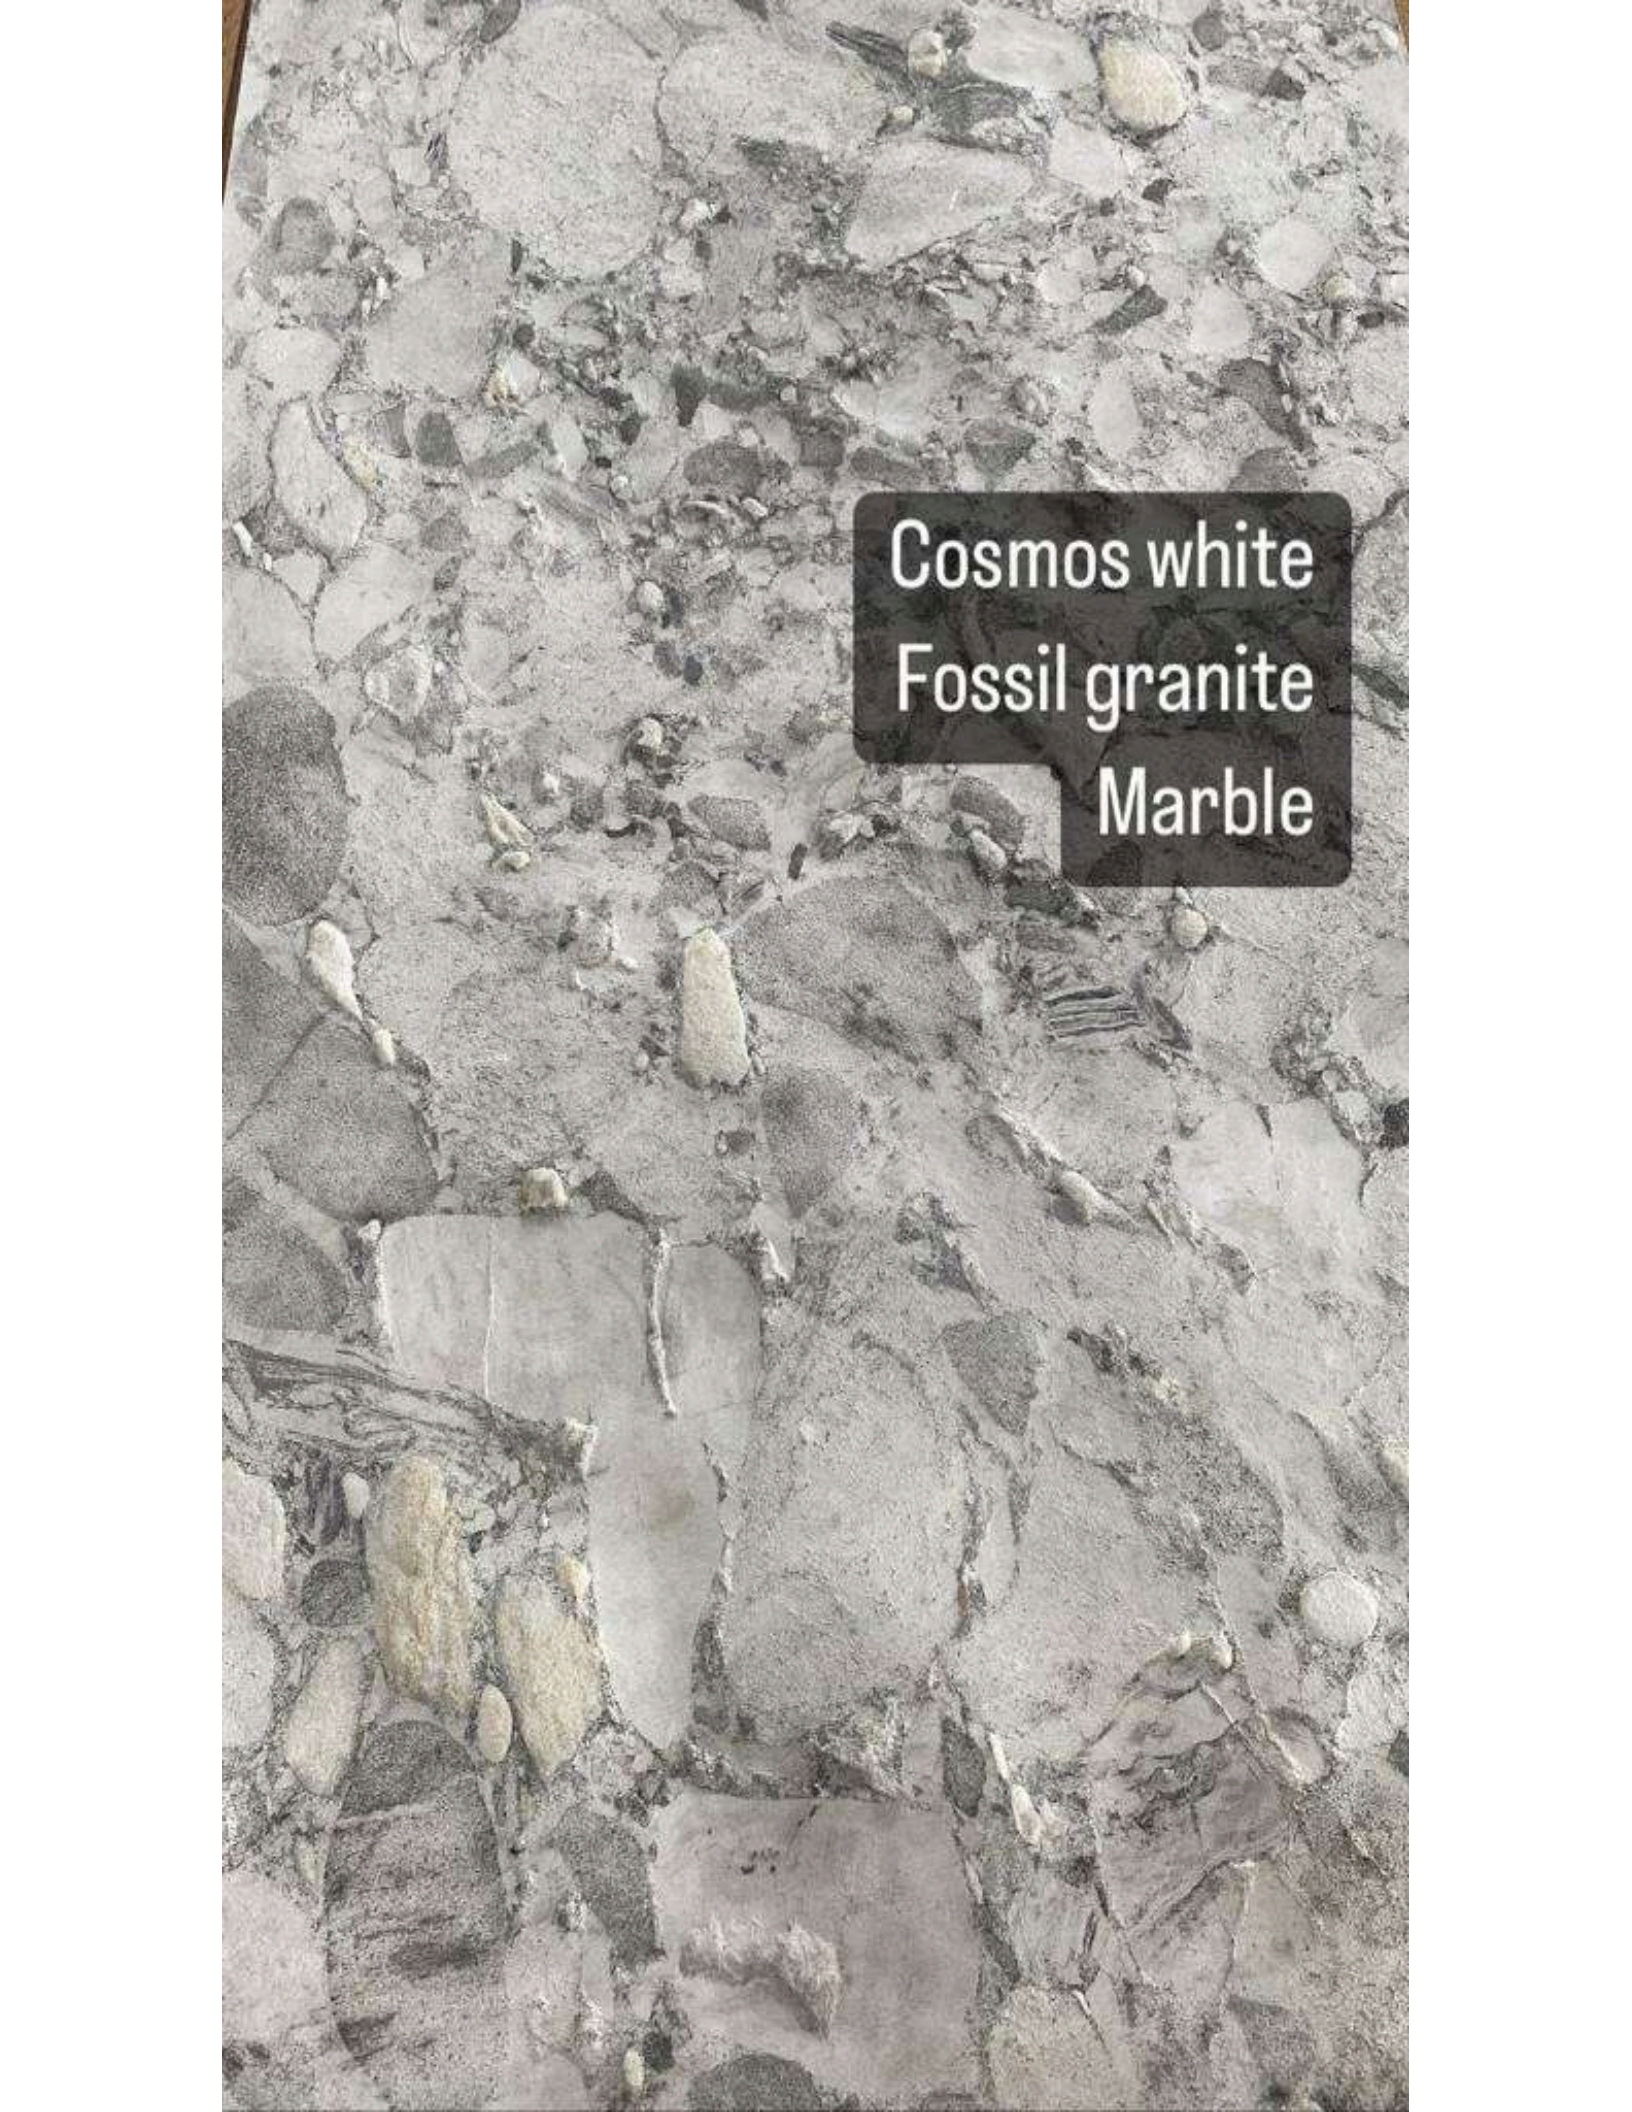

Rainbow
Sandstone

The image shows a close-up of a dark, textured surface, likely a piece of marble. The texture is characterized by a mottled pattern of dark grey and black tones, with lighter, silvery-grey veins and spots scattered throughout. The overall appearance is rough and organic, typical of natural stone. A black rectangular label with white text is positioned in the upper right quadrant of the image.

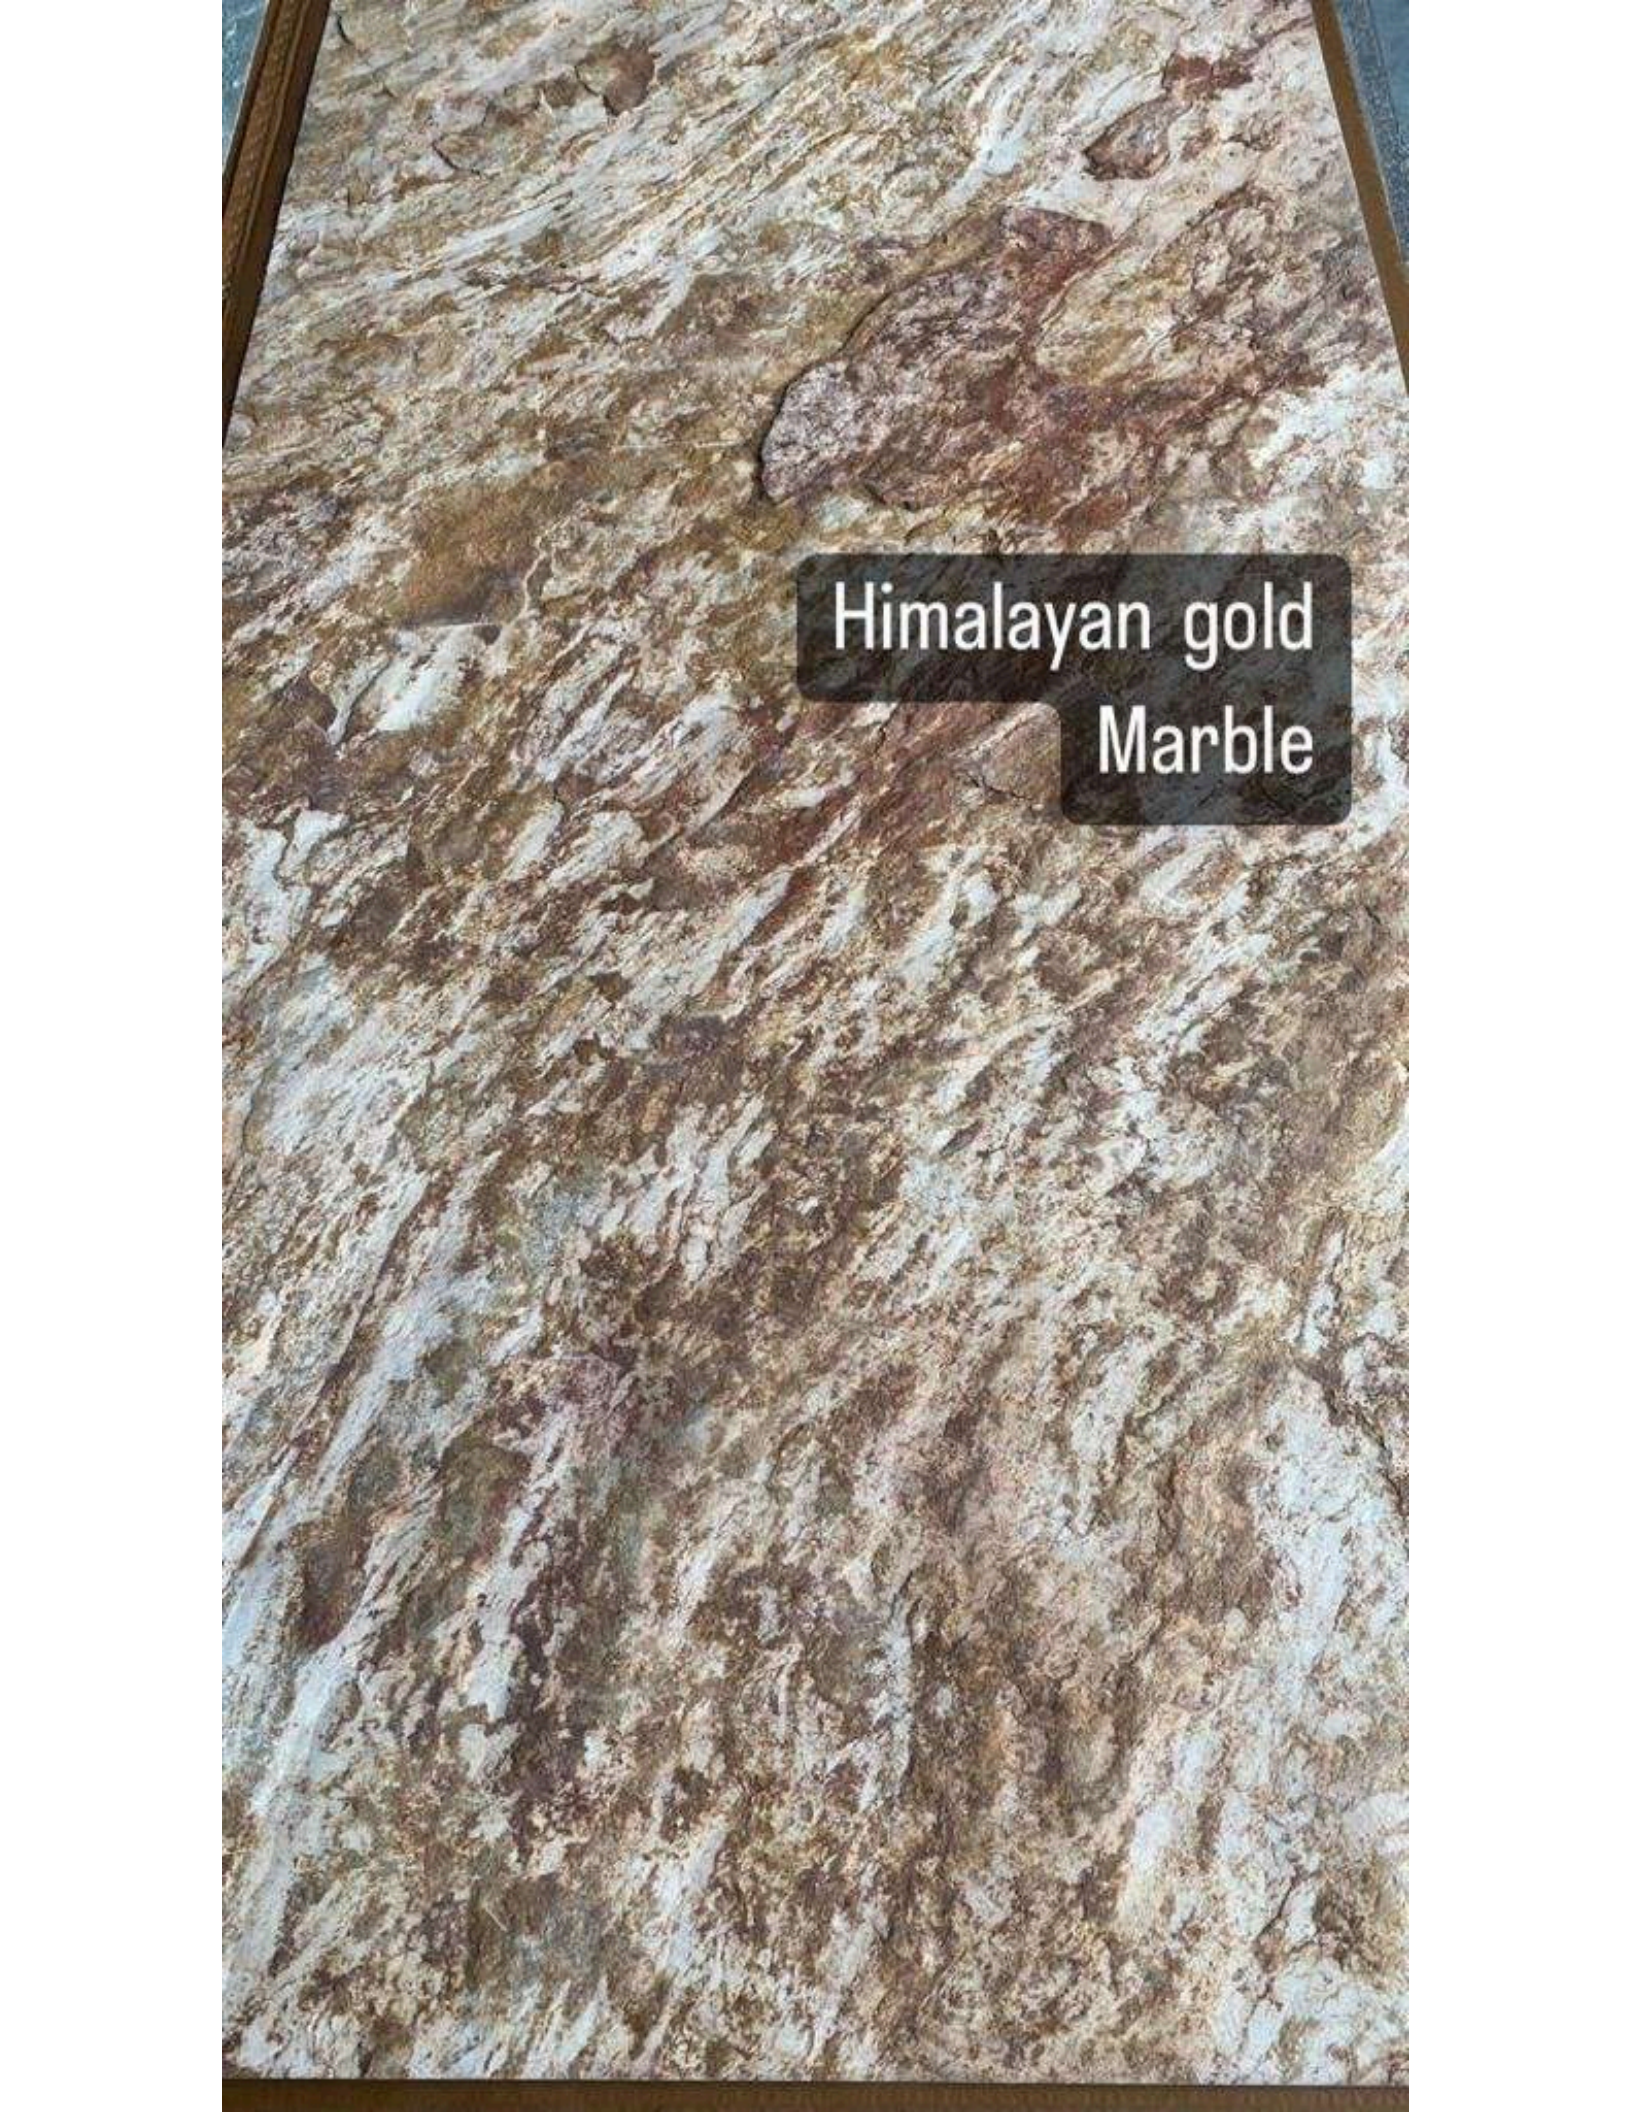

Black storm
Marble

A large, rectangular, light-colored stone slab with a textured, sandstone-like surface. The slab is held in place by metal brackets at the top. The texture is granular and uneven, with some darker, brownish streaks running vertically. The overall color is a mix of light beige and off-white.

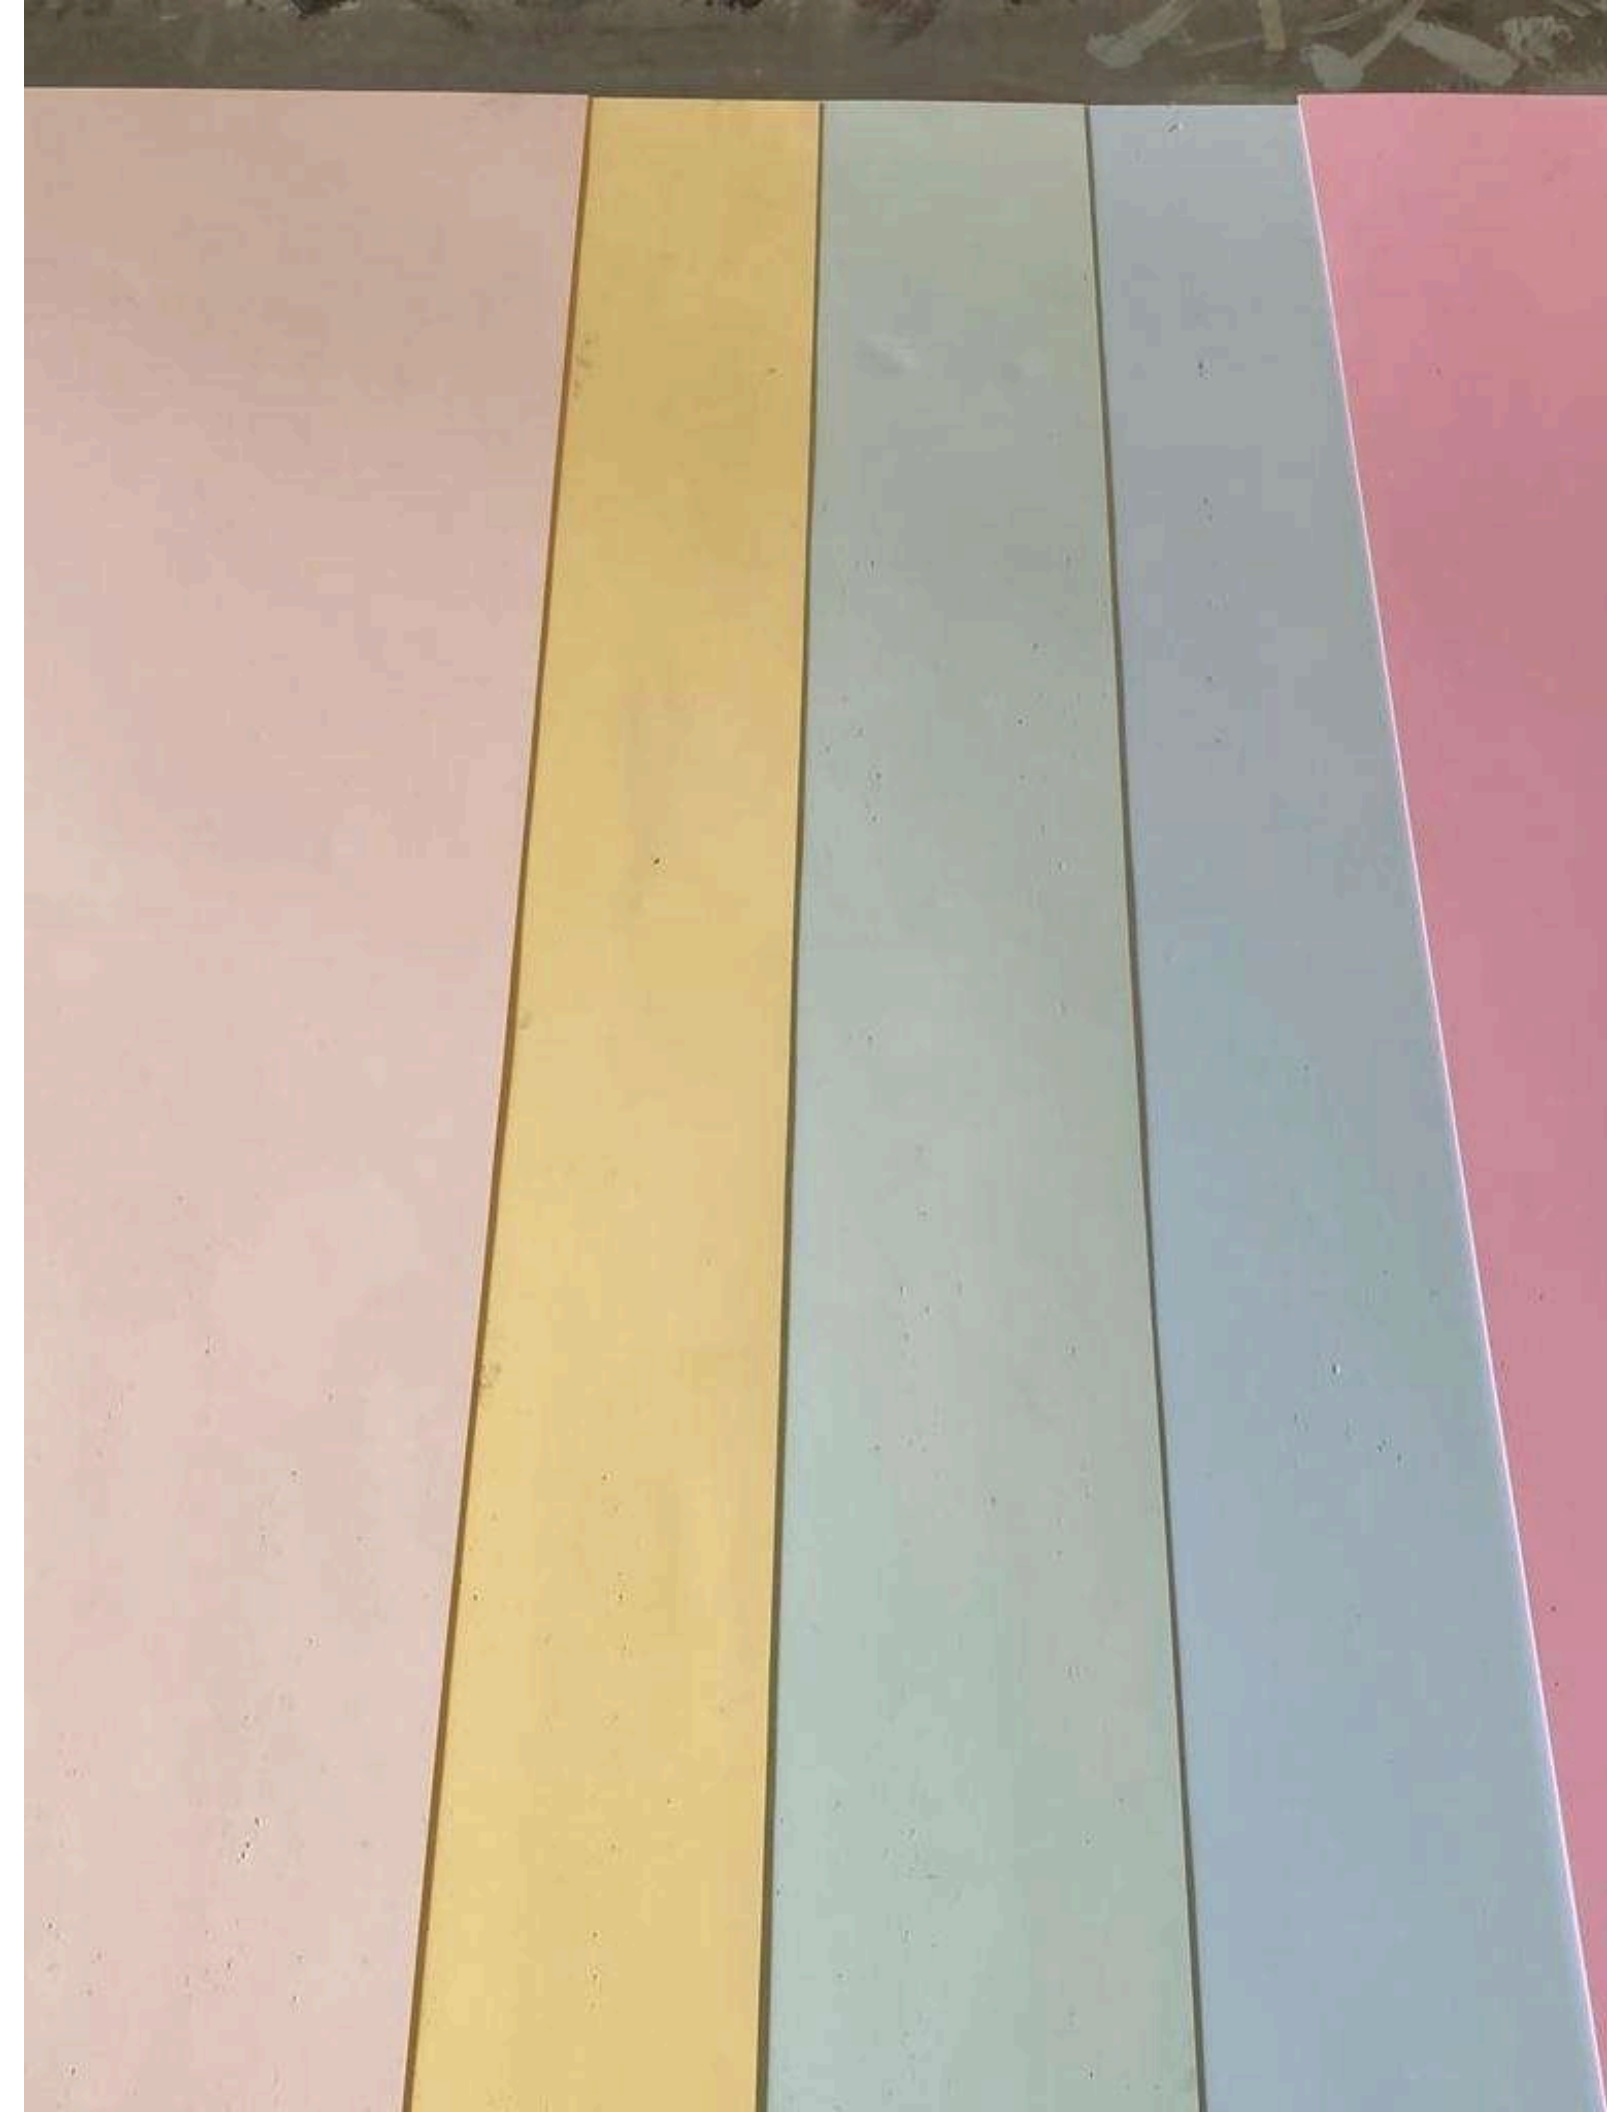

Teak wood
Sandstone

The image shows a close-up of a marble surface with a complex, organic pattern. The base color is a light, off-white or pale grey. Scattered throughout are numerous irregular, rounded, and elongated shapes in various shades of grey, taupe, and light brown. These shapes vary in size, from small specks to larger, more prominent patches. The overall texture appears slightly grainy and uneven, characteristic of natural stone. A dark, semi-transparent rectangular box is overlaid on the right side of the image, containing the text 'Cosmos white', 'Fossil granite', and 'Marble' in a white, sans-serif font.

Marble

The image shows a large, rectangular slab of Himalayan gold marble. The surface is highly textured with a complex pattern of veins and mottled colors. The primary colors are shades of beige, cream, and light tan, which form the background. Overlaid on this are numerous veins and patches of darker, more earthy tones, including deep browns, tans, and hints of reddish-brown. The pattern is non-repeating and organic, characteristic of natural stone. The slab is held in place by dark, possibly metal, clamps or supports visible along the top and bottom edges. A semi-transparent dark grey rectangular box is positioned in the upper right quadrant of the slab, containing the text "Himalayan gold" on the first line and "Marble" on the second line in a white, sans-serif font.
