Designer Island Hoods
**Bold, distinctive
and stunning
performance**

A well-engineered hood does more than just help to capture odours from your kitchen. It's the centre-piece of your kitchen and serves as the visual focal point.

Bold and distinctive, suspended over the central island unit, these hoods make for a stunning focal point in your kitchen. In this free-standing unit, stainless steel and glass come together to create a highly stylish yet functional piece that delivers an equally stunning performance.

**Filter-less Chimneys,
with Motion Sensor**

**Make the cleaning
process most
convenient**

Glen brings you another innovation with its new filter less chimneys. No more regular cleaning, no choked filters, no dangers of oil droplets or residue. The housing heats up the blower and body to melt the oil deposits. The oil then flows and collects in a tray automatically.

Low on maintenance and high on suction power, these low noise chimneys come with advanced features like motion sensor control and a brush-less DC motor.

BRUSH-LESS DC MOTOR
LESS HEAT, LONGER LIFE,
BETTER EFFICIENCY AND LOW NOISE

Touch Sensor Chimneys
European style
chimneys with
Italian motor

A well-engineered hood does more than just help to capture odours from your kitchen. It's the centre-piece of your kitchen and serves as the visual focal point. We've designed a chimney for every kind of kitchen.

LED LIGHTING

Brilliant functionality with power saving LED lamps which are environment-friendly and super long-life; perfectly placed to illuminate the hob area for convenient cooking.

TOUCH SENSOR CONTROL

Sleek and unobtrusive LED-lit touch controls, allow you to select the speed at three convenient settings and to operate the powerful LED lamps.

Built-in Ovens/Microwaves

Performance and looks

There is a Glen oven for every kitchen and to suit every lifestyle, and each one scores high on performance and looks.

Each Glen Built-in oven is a state-of-the-art piece: innovative touch control technology, precise functioning and a contemporary, minimalistic design that makes every kitchen look stylish. Glen ovens can be depended upon to give you perfect results, whether you're an expert or a novice. It is enjoyment guaranteed, while you cook, and after.

MO 671 (Capacity 25 litres)

- Full glass digital control microwave
- Touch sensor control panel & +/- knobs
- Cooking end signal, Touch open door
- Defrost by weight & time, ISI certified, Child safety lock
- Microwave power 900W, Grill power 1000 W
- Combi 1350W, Capacity 25 Litres, Grill function
- 8 Auto menus, 5 power settings, 95 minutes digital timer

Dimension & Opening

- Dimension (WxDxH): 594x403x382 mm
- Opening (W1xD1xH1): 560x550x380 mm

600 mm 45,995/-

LED TOUCH CONTROL & LCD DISPLAY

A gentle tap is all it takes to access all the convenient functions on your oven - the electronic timer, the minute-minder and the clock. LCD display is easy to read and also informs you about the cooking time left and the temperature.

PRE-SET AUTO COOKING

The pre-set auto-cook feature makes cooking a breeze and also gives food weight and temperature settings to ensure perfect results. You can also set it to suit your own preferences and create your own programs.

SEALED DOORS

The oven doors are well sealed and cool to the touch; they have perfectly fitted door hinges and a double layer of full-width glass to keep the heat inside.

BUILT-IN MICROWAVES

MO 677 (Capacity 25 litres)

- Electronic built-in-microwave with grill,
- Defrost, Cooking end signal, Child safety lock

Built-in Glass Hobs

Stronger
Forged brass
burners with flame
failure device

A forged brass burner has a higher specific strength as well as higher toughness in comparison to a casting. This allows an engineer to design a burner that is lighter, stiffer and less susceptible to cracking than a casting product. Forging puts energy into the metal and changes the internal grain structure (crystalline). This change in the grain structure gives forging additional strength in comparison to the original metal.

**FLAME FAILURE DEVICE**

A unique safety mechanism, the device cuts off the gas supply the minute the flame is accidentally extinguished due to any liquid boiling over. Now no more chances of accidents or fire. Truly nothing values more than safety.

**STRONGER FORGED BRASS BURNERS**

Now with Double Ring Flame specially designed for Indian high energy cooking. These extra strong, long lasting brass burners made with forging technology are today simply the best burner option for Indian cooking.

**STRONG VITREOUS ENAMELED PAN SUPPORTS**

Robust and sturdy supports help to easily accommodate large and heavy vessels.

Built-in Glass Hobs
**Italian double
ring burner**
specially designed for
Indian cooking

Indian cooking requires much more heat than the low heat European sealed burners can provide and we are used to a double ring of flame for our cooking. Glen hobs now come with international double ring burners specially designed & developed by Sabaf, Italy for Indian cooking.

**STRONG VITREOUS
ENAMELLED PAN
SUPPORTS**

Robust and sturdy supports help to easily accommodate large and heavy vessels.

BAKELITE KNOBS

Smart & elegant bakelite knobs for that firm grip and professional look. These international knobs are strong and sturdy to use.

**TOUGHENED BLACK
GLASS 8 MM THICK**

The elegant black glass surface doesn't just look stunning – it makes your Glen hob a breeze to clean, and resists scratches, stains, impact and heat.

**HIGH PRECISION GAS
VALVE FOR NO SIM-OFF**

High precision gas valves for total safety and a perfect flame control. No more gas leakages and no more sim-off.

Glass Cooktops

Stronger forged brass burners with flame failure device

A forged brass burner has a higher specific strength as well as higher toughness in comparison to a casting. This makes the burner lighter, stiffer and less susceptible to cracking than casting. Forging puts energy into the metal and changes the internal grain structure (crystalline), giving it additional strength.

FLAME FAILURE DEVICE

A unique safety mechanism, the device cuts off the gas supply the minute the flame is accidentally extinguished due to any liquid boiling over. Now no more chances of accidents or fire. Truly nothing values more than safety.

STRONGER FORGED BRASS BURNERS

Now get the best of both worlds, the extra strong, long lasting brass burners made with forged technology now come with the high energy, high efficiency Double Ring Flame. Specially designed for Indian cooking these are available in a choice of burner configurations.

STRONG VITREOUS ENAMELLED PAN SUPPORTS

Robust and sturdy supports help to easily accommodate large and heavy vessels.

GLASS COOKTOPS WITH FLAME FAILURE DEVICE
