STUDDS
 RIDE YOUR DREAMS

Our story began in 1983. We have come a long way, from manufacturing our first helmet in a garage to having the manufacturing capacity of 9.04 million helmets annually. In the last 4 decades, we have continuously innovated ourselves so that we can deliver on our promise of providing safety to every two-wheeler rider. We have received lots of love and affection from our customers worldwide and this has enabled us to become the world's largest helmet manufacturer.

We have always adhered to our mantra of innovating continuously & never settling for anything but the best. Our range of high-quality helmets & accessories are a reflection of our commitment to this philosophy. We thank our customers for their prolonged trust and we assure them that we are committed to delivering on our promise.

MISSION

We aim to provide safety to every two-wheeler rider. A rider who is not just travelling but also carrying dreams, dreams which are associated with individual, family, society as well as the nation. We believe that dreams inspire a person and bring out the best in them. This quest to fulfil dreams of every individual motivates us to work tirelessly and deliver on quality and innovation. We at STUDDS believe that dreams differentiate the better from the best and hence it's our small effort in the journey of the individual to fulfil his or her dreams.

As we touch millions of lives every year, we continue to ride on this trust with our passion to produce safe, innovative, comfortable and quality products.

FULL FACE HELMETS

Full Face Helmets for two-wheelers are designed to provide complete protection to the head and neck area. The presence of a chin-guard extends the protection below the face up to the neck region. STUDDS Full Face Helmets come in different sizes with advanced safety & comfort features such as dynamic ventilation system, quick-release chin strap mechanism, hypoallergenic liners and offer attractive design and decal options for riders.

FLIP UP - FULL FACE HELMETS

Flip-Up Helmets are Modular Helmets popular among daily commuters as well as riders for the convenience of lifting the entire front section - visor & chin guard. This is possible because of a robust mechanism which can be operated with a simple gesture. These modern and stylish helmets are available in different sizes, designs, colours and come with optimum safety & comfort features for all kinds of two-wheeler riders.

OPEN FACE HELMETS

Open Face or Half Face Helmets are similar to full face helmets with the distinct differentiation of an open chin section which facilitates better air-flow keeping the rider cool in hot weather conditions. Available in multiple sizes, open face helmets are great choice for cruiser bike riders and commuters alike. Resembling full face helmets in terms of safety & comfort features, open face helmets offer superior protection to the entire head while giving the rider, an enhanced sense of freedom.

OFF ROAD - FULL FACE HELMETS

Off-Road Full-Face Helmets are specifically designed to cater to the demanding nature of dirt riding, trail riding and moto-cross sports. These helmets have a light-weight design without compromising on the safety of the rider. A toughened polycarbonate visor protects the rider from flying debris and objects on a trail, and an intelligent air-ventilation system ensures rider comfort even in arduous conditions. Off-Road Helmets are also available in different sizes and attractive graphics for dirt bike riders.

MOTORCYCLE ACCESSORIES

Motorcycle Accessories or riding gear are the essential pieces of kit that you would require, while riding a two-wheeler, to make your ride a great one. Motorcycle accessories not only take care of your safety and security while you are on a bike, but also enhance your riding experience. The right set of accessories can help you enjoy a safer ride. We offer a wide range of motorcycle accessories from riding gloves, goggles, side mountable storage boxes, top mountable storage boxes to rainwear and helmet accessories like helmet security lock and spare visors.

HOW TO FIND THE RIGHT HELMET SIZE ?

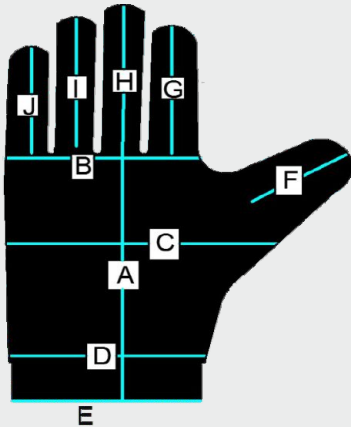

Place a measuring tape just above your eyebrows, directly above your ears. It should be wrapped around the widest part of the forehead. While measuring your head, the measuring tape should sit snug to your skin, and you should not feel any extra pressure. Measure it as shown in the picture. With the helmet strapped securely, it should not slip when you move the head from side to side or up and down.

Size	Helmet Size (Millimetres)	Suitable for Head Sizes (Millimetres)
XS	540	540-560
S	560	560-570
M	570	570-580
L	580	580-600
XL	600	600

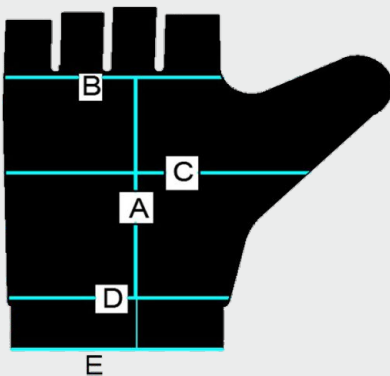

GLOVE SIZE CHART

FULL GLOVE SIZING (INCHES)

		S	M	L	XL	2XL
A	LENGTH OF HAND	7	7--1/4	7--1/2	8	8--1/4
B	AROUND THE KNUCKLES	7--1/4	7--1/2	8	8--1/4	8--1/2
C	SIDE OF PALM TO BOTTOM OF THUMB	7--1/2	8	8--1/4	8--1/2	9
D	BOTTOM OF HAND NEAR WRIST	7	7--1/4	7--1/2	8	8--1/4
E	AROUND THE WRIST	6	6--1/2	7	7--1/2	8
F	THUMB LENGTH	2	2--1/4	2--1/2	2--3/4	3
G	INDEX FINGER LENGTH	2--1/4	2--1/2	2--3/4	3	3--1/4
H	MIDDLE FINGER LENGTH	2--3/4	3	3--1/4	3--1/2	3--3/4
I	RING FINGER LENGTH	2--1/4	2--1/2	2--3/4	3	3--1/4
J	LITTLE FINGER LENGTH	1--1/2	1--3/4	2	2--1/2	2--3/4

HALF GLOVE SIZING (INCHES)

		S	M	L	XL	2XL
A	LENGTH OF HAND	7	7--1/4	7--1/2	8	8--1/4
