

PARÉ

INNOV +
CEILING AND WALL SYSTEMS

www.pareindia.com

About us

PARÉ Innovations is a leading player in the building material segment, specializing in top-notch surfaces for ceilings, walls and facade systems.

At PARÉ, we take immense pride in being at the forefront of innovation, introducing groundbreaking surfaces that have never been seen before in India. With our commercial base in Mumbai and our state-of-the-art manufacturing facility located near Vapi, Gujarat,

PARÉ is strategically positioned to serve the needs of our valued customers. Our founders have deep roots in the building material industry, which has propelled us to become pioneers in the Innovative Products revolution.

Manufacturing

PARÉ Innovations prides itself on its state-of-the-art manufacturing unit, which utilizes advanced European manufacturing technology to manufacture products of superior quality. It has launched quite a few products while being the first manufacturer in India for most of them.

PARÉ Innovations has been a pioneer in introducing many new products to the Indian market. PARÉ Innovations commitment to quality and innovation has helped it become a leading player in various industries.

TONGUE & GROOVE INTERLOCKING

PARÉ Innovation's innovative tongue and groove technology seamlessly interlocks panels, eliminating unsightly gaps and visible joints for a stunning, joint-free aesthetic. This intuitive system facilitates quick and efficient installation, ensuring rapid transformation of your space without compromising on flawless finishes.
