SPC FLOORING

A BETTER FLOOR

BETTER DESIGN

Array of Colours: The spectrum of colours offers abundant room to mix and match and choose just the perfect floor for your interior.

Nature Inspired: Patterns, textures and embosses have been closely designed to create the experience of nature indoors.

BETTER INSTALLATION

Drop - Click - Install: With the UNILIN™ profiles, the floors can be installed seamlessly, in no time and without any adhesive or power tools.

No Sub Floor Required: Just lay IMPACT® SPC planks on your existing floor, no digging, no breakage, no dust, no smells and no hassles.
